Attendees: George, Ray, Woody, & Ian; started @1900 CST

Teleconference: 605-475-4700, PW: 661145#

- George Schulz, President started the discussion about Rick Reese assuming the Flower Fund duties from Ian.
- Ian indicated a concern about Rick living in Thailand. Ray replied that Rick has a phone with a US area code and thus, except for the time difference, this should not present a communications issue.
- According to Al Majors, who has been the main contact with Rick on this issue, Rick volunteered to assume the Flower Fund duties so George thought that Rick should be considered the primary candidate, rather than trying to strong arm someone to volunteer for these duties.
- After additional discussion by the board members present, it was concluded that Ray would follow up with Al and then Al would contact Rick to get the transition from Ian started.
- Telecon ended @1930 CDT
